

## ALWAYS THE RIGHT MACHINE FOR THE JOB

Freshbrew is a line built with unique technology for the ultimate coffee experience. What is your preference – beans or ground coffee? Regular or sparkling water? The choices are many, depending on what you choose to serve and where you use the machines. Regardless of which machine you choose, all your senses will be delighted.

## ROYAL

Coffee Queen Royal is a fully automatic coffee brewer with professional grinder that can grind about 12 grams of beans in 1.6 seconds. More than that, Royal can serve cold, filtered water – sparkling or regular. The machine serves up to 125 cups of coffee per hour. Royal's ingredient canister contains coffee beans, instant coffee, topping and chocolate. That gives you up to 12 different drinks to choose from. The machine also features adjustable coffee strength and brewing mechanism with nylon filter. The base cabinet comes as standard.

COFFEE QUEEN

# FRESHBREW

## WITH A PASSION FOR COFFEE

Crem International has two very strong brands – Coffee Queen and Expobar. Under the brand Coffee Queen, we have brought together all our machines for freshly brewed and instant coffee, water and juice. Under the brand Expobar, we offer our top-quality espresso machines. All our machines are made by skilful and experienced staff at our own factories in Sweden, Spain and China. With these two brands, we offer the widest range on the market and can satisfy all needs and wishes.
